Navy Marine Corps Intranet
(NMCI) -
FY02/03 NWCF Budget Workshop
28 March 2000

22 Mar 2000

What is NMCI?

- A BASIC Service which will provide:
  - A Workstation (fixed, portable, embarkable, hybrid)
  - Local/Wide Area Network infrastructure and operation
  - Internet Access
  - Office Automation Software (word processing, spreadsheet, presentation graphics, data base)
  - Email
  - Security Measures
  - Training
  - Network Operations Support (help desk, etc.)
  - Telephone to the desktop

WHAT NMCI ISN'T
(Based on What we Know Today)

- NMCI will not:
  - Develop, Operate and Maintain our Standard and Local Systems/Applications
  - Operate and Maintain special purpose ADP applications, e.g. CAD/CAM
  - Manage the Information Assurance (IA) Programs
  - Acquire and maintain hardware/software supporting systems applications (e.g. ORACLE, APPWORX, Query Tools)

WHAT NMCI ISN'T
(Based on What we Know Today)

- How much will it cost?
  - We don't know , yet
    - BUT, as a minimum:
      - $5,000 per seat (workstation with the basic services) for the "Basics"
    - IN ADDITION: To maintain access to our corporate systems **Will be at additional cost as yet unspecified**
- **In the meantime, everybody is trying to find out how much money is "available" for the corporate contribution**
